2nd WORLD CONGRESS on ENDOSCOPIC EAR SURGERY
Bologna - Italy 27, 28, 29 April 2017

PRE CONGRESS SESSION: LIVE SURGERY
Verona - Italy 26 April 2017

CHAIRMEN:
Livio Presutti, Muaaz Tarabichi, Daniele Marchioni
Ronda Tables
- Miringoplasty
- Cholesteatoma: exclusive endoscopic approach
- Cholesteatoma: combined approach
- Training and learning curve
- Cochlear implants
- Stapes
- CWD current indications
- Middle ear tumors
- Retraction pocket
- Problems and solutions: bleeding, anesthesia, packing, graft position, flap retraction, ear canal gradulation
- Endoscopic inner ear surgery
- Instruments and tools
- Neurovascular decompression in CP Angle
- Acoustic neuroma
- Quality of life after cholesteatoma surgery

Instructional Courses
- Middle ear anatomy
- Training in otology: animal models, simulation, synthetic model, cadaveric dissection
- Radiology of middle ear and inner ear
- Endoscopic anatomy of the round window region related to the CI
- Ossiculoplasty: state of the art
- Endoscopic assisted surgery during microscopic approach: when and why

Symposia
- Piezosurgery
- Biodesign
- HD e 3D camera
- 4 K camera
- Bone cement

Live Cadaveric Dissection

Endoscopic Dissection Laboratory
Endoscopic training on animal models is available for a limited number of attendees during the Congress. Congress registration fee includes the participation to the laboratory up to 80 attendees. Early registration is recommended.
Participants may voluntarily and spontaneously sign up for any of the following scientific activities by 15 December 2016:

**CLINICAL CASES DISCUSSION**
Topics must be related to the following themes:

- Miryngoplasty
- My early experiences
- Cholesteatoma
- Stapes surgery
- Middle ear tumors
- Cochlear implants
- Inner ear

5 minutes will be allotted to each presenter to illustrate a clinical case to one or more IWGEES Board Members, followed by 8 minutes discussion. Abstract must explain: clinical history, diagnostic procedure and endoscopic objectivity. The abstract text should not exceed one page. Clinical Case abstracts must be submitted using the abstract form published on the Congress website by 15 December 2016. Acceptance or rejection will be notified to the submitting author by the Organizing Secretariat by 15 January 2017.

**YOUNG DOCTORS COMPETITION: Tomoo Watanabe Session**
Participants under 35 will be allotted 8 minutes to present their chosen topic, which must be related to the themes of the Congress. The abstract text should not exceed one page. Young Doctors abstracts must be submitted using the abstract form published on the Congress website by 15 December 2016. Awards will be assigned to the three best presentations.

**VIDEO SESSION**
Length of Videos must not exceed 6 minutes. Video abstracts must be submitted using the abstract form published on the Congress website by 15 December 2016. The complete video must be sent via the electronic transfer system www.wetransfer.com by the same deadline 15 December 2016.

**POSTER SESSION**
Posters will be displayed on an electronic device throughout the Congress. Poster abstracts must be submitted using the abstract form published on the Congress website by 15 December 2016. The best poster will be awarded a grant.
